Profile Summary

B.Tech student in Artificial Intelligence and Data Science with strong knowledge of Python, SQL, data analysis, and AI concepts. Passionate about developing innovative AI solutions and seeking an entry-level opportunity to contribute technical skills while learning and growing professionally.

Education

- **SRM Valliammai Engineering College** 2023–2027
B.Tech in Artificial Intelligence and Data Science - CGPA: 9.09
- **Govt. Girls Higher Secondary School** 2023
Higher Secondary Certificate (HSC) - 91.5%
- **Govt. Girls Higher Secondary School** 2021
Secondary School Leaving Certificate (SSLC)

Technical Skills

- **Programming:** Python, C (Basic), Java (Basic), Prolog
- **Database & Tools:** SQL, Excel
- **Core Skills:** Data Structures, Problem Solving, Logical Reasoning, Data Analysis

Projects

AI-Based Water and Nutrient Optimization for Vertical Farming

- Developed an AI-based system to optimize water and nutrient usage.
- Analyzed sensor data to improve crop growth and resource efficiency.

Eco-Friendly Product Recommendation System

- Developed a web application that recommends sustainable products.
- Encouraged eco-friendly purchasing through personalized recommendations.

Quiz Application for Technical Symposium

- Built and deployed an interactive quiz platform for a live technical symposium with real-time participant engagement.
- Streamlined quiz management by providing an efficient, user-friendly interface, enhancing the overall event experience.

Internships

Software Development Intern – eMudhra Limited, Bangalore

June, 2026 – July, 2026

- Interned with the Technology Innovations department, building a web application for adversarial testing of chatbots.
- Designed test cases to probe model robustness, safety boundaries, and failure modes, supporting the team's evaluation pipeline.
- Applied core programming and problem-solving skills in a live, stipend-based product environment.

Data Visualization Virtual Intern – Tata Forage

- Worked on data analysis and visualization projects.

Certifications

- PERL Programming – IIT Bombay
- AWS Generative AI
- Introduction to LLM and Python for Data Science – NPTEL

Achievements & Activities

- Participated in Riseovate 2K25 and ImpactX 3.0 24-hour Hackathons.
- School Topper in HSC and Class Topper in Matrics.
- School Pupil Leader and Team Leader for academic projects.
- Organized departmental symposium events and participated various events(CTF). .
